

2017 Gala Schedule

The current draft schedule is given below. Some new features:

- top 10 dances distributed through weekend, mostly Friday. We will name and identify each dance as a top 10 on the program. The idea is that dancers will be fresher and enjoy them more than at the end. No guessing game.
- We plan no phase VI dances on Friday and only occasional "popular" phase V, not too advanced.
- On Saturday, we have two beginner/intermediate tracks, morning and afternoon: beginners take the phase II teach, the clinic, and the phase III teach; intermediate dancers take all three teaches.
- Currently, we have 1/2 hr. of request rounds on Sat. evening.
 - Request rounds are unknown ahead of time, a surprise, and fun.
 - We will choose requests from a shorter list of high vote-getters (but not programmed) and newer dances.
- The IV/VI hall will be more advanced than past years, since there will be nothing too advanced on Fri.
- No exhibition dances on Saturday evening to make more time for our general dancing. We will have a nice showcase on Friday.
